

— SCOTTSDALE KOSHER VACATIONS

A Better Way to Find Your Perfect Kosher Getaway.

Project Scottsdale Kosher Vacations

Category Hospitality · Vacation Rentals · Website Development

Presented by Orlin Agency

— PROJECT OVERVIEW

A Digital Home for Kosher Travel

Scottsdale Kosher Vacations showcases vacation homes in Scottsdale, Arizona, designed for guests seeking comfortable accommodations with kosher kitchens and Shabbos-friendly amenities.

The website brings property listings, accommodation details, amenities, and booking-related information together to help guests explore their options.

4 years

Continuous website management

WordPress

Built on the WpRentals property template

Full care

Updates, security, content updates, and SEO

— THE CHALLENGE

Making the Right Stay Easier to Find.

Guests need more than attractive property photos when choosing a vacation rental. They need clear information about sleeping arrangements, kitchen facilities, Shabbos amenities, property features, and location.

The website needs to present these details in an organized, accessible way so visitors can compare homes and make informed decisions.

— OUR APPROACH

A Property-First User Experience

The experience centers on helping visitors discover suitable homes and understand what each property offers.

STEP 01

Discover

Explore available vacation properties.

STEP 02

Compare

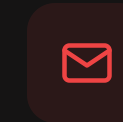

Review accommodation details and amenities.

STEP 03

Evaluate

Understand kosher kitchen and Shabbos facilities.

STEP 04

Inquire

Find relevant contact and reservation information.

— KEY FEATURES

Designed Around Guest Needs

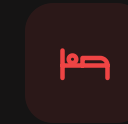

Property listings

Property listing and browsing experience

Property detail pages

Individual property detail pages

Stay details

Bedroom, bathroom, and occupancy information

Amenities and photography

Amenities and property photography

Kosher and Shabbos

Kosher kitchen and Shabbos-friendly facility details

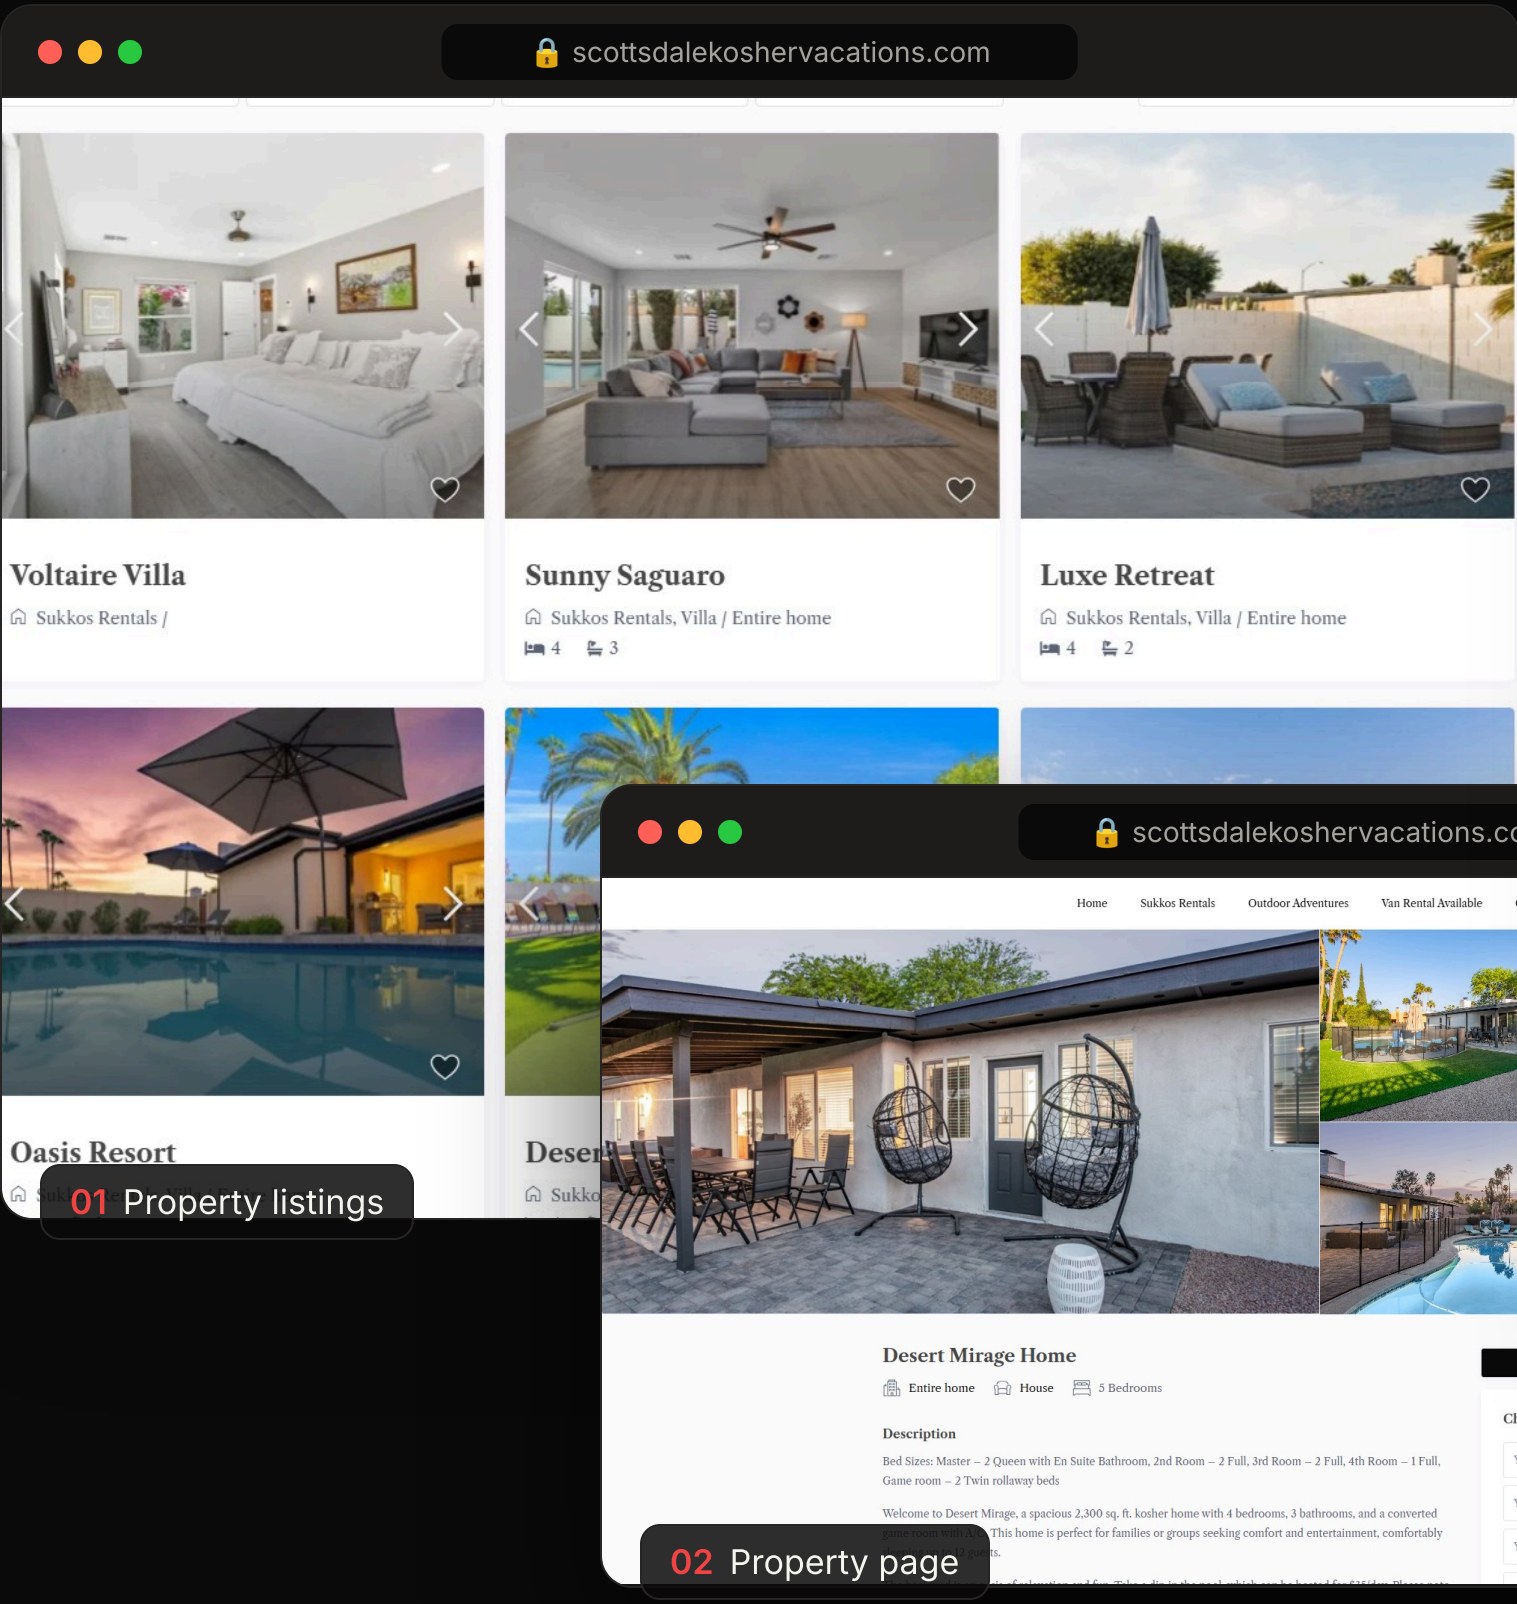

Contact and reservations

Contact and reservation information

— DESIGN AND USER EXPERIENCE

Helping Guests Picture Their Stay

The property-focused experience combines accommodation photography with practical information about each home. Clear property details help visitors understand the available spaces, amenities, and suitability for their travel needs.

— TECHNICAL IMPLEMENTATION

A Website Built for Property Discovery

A WordPress site built on the WpRentals property template, customized for kosher vacation rentals and maintained with ongoing technical care.

CMS	WordPress
Template	WpRentals, customized for the brand
Property system	Listings, search, filters, and property detail pages
Inquiries	Availability form, phone, text, WhatsApp, and email
Responsive	Desktop and mobile layouts
Ongoing care	Updates, security, content updates, and SEO

— CONTRIBUTION AND OUTCOME

Connecting Property Information with Guest Needs

Scottsdale Kosher Vacations provides a focused online experience for visitors exploring kosher-friendly vacation homes in Scottsdale.

Our contribution covered building the website on the WpRentals template, and four years of ongoing management including updates, security, content updates, and SEO.

4 years.

Four years of continuous website management, and still the client's web partner today.
